grow. The adults, however, eventually die and are reborn into new forms, continuing the cycle. So one dragon never dies, and the other evolves after every few years. The world of the dragons is divided into two regions. The Firstborn live in a beautiful realm, and are immune to fire. The Secondborn live in the lands below, and are vulnerable to fire. However, humans live at the edges of the Firstborn and Secondborn lands, and dragons rule the humans. The entire world is governed by the Dragon King, who is called the "Growth Dragon. The Dragon King and the Firstborn live in the realm above the world. The dragon is a magical creature, and is the center of the story. They are the result of a dragon joining with a human woman.
